WEATHER

THE WEATHER CHANNEL/GNN GEORGIA ZONED WEATHER FORECASTS

The Weather Channel meteorologists feed forecasts by zone for all of the state.

:25 Georgia Zone Weather Feeds begin at 5 minutes past the hour 5a-6p Mon-Fri, 6a-6p Sat, 8a-6p Sun. Zones are fed as follows:

<u>Zone Feed</u>	<u>Feed Time</u>
Zone 1	05:00
Zone 2	05:30
Zone 3	06:00
Zone 4	06:30
Zone 5	07:00
Zone 6	07:30
Zone 7	08:00
Zone 8	08:30

Zone Updates: 5:05a, 10:05a, 2:05p, 5:05p. GNN recommends you monitor or automate your zone feeds throughout the day. In the event of rapidly-changing weather we will update hourly as needed.

Automation: All Georgia Weather Zone Forecasts open with a Starguide 00 closure and conclude at the :25 mark with a Starguide 01 closure.

Georgia News Network Program Schedule

PUBLIC AFFAIRS

"**Georgia Focus**" is a 28 minute long weekly public affairs program for broadcast in your community. Hosted by GNN's John Clark, the program features topics covering a range of issues important to Georgia.

Georgia Focus satisfies your station's public affairs requirement and GNN provides quarterly information on show guests and topics for your FCC Public File.

AGRICULTURAL NEWS

Georgia Farm Radio Network/GFRN: The Georgia Farm Bureau and GNN provide Georgia's best coverage of agribusiness news, markets, and analysis, including specialized reports on Georgia's peanut and cotton crops.

***Sales lead:** Local Georgia Farm Bureau Insurance agents receive 75% co-op from the Georgia Farm Bureau for purchasing spots from you if you air 4 or more of these features each day.*

GFRN is a separate affiliation from GNN. Contact John Clark at GNN for programming and affiliation information regarding GFRN

CUSTOM DROP-INS, LINERS

GNN and Georgia Farm Radio Network anchors and personalities will record custom drop-ins and liners for your station. E-mail your requests to johns.clark@clearchannel.com

TECHNICAL OPERATIONS

Downlink Specs: GNN is available on AMC-8, Transponder 21 utilizing a proprietary Starguide III Platform. GNN loans Starguide III receivers to affiliates.

Automation Closures: GNN sends relay closures via Starguide surrounding all of our base network programming. We also feed commercial inventory separately each hour with closures so that you can automate your db'd commercials.

Two closures are available: Starguide 00 is used for Network Start, and Starguide 01 is used for Local Rejoin. You can use GNN relay closures as a clock synch, or to effect seamless transitions in automated programming.

All GNN Starguide Receiver, downlink, and Automation closure specifics are available for your engineering staff on our website at www.georgianewsnetwork.com.

Georgia News Network Program Schedule

GNN OnDemand

GNN OnDemand is an interactive site that provides access to our news and sportscasts, The Weather Channel, GFRN reports, actualities, rip n read copy and more. No need to wait for a satellite feed or back-time with **GNN OnDemand**.

Also, with **GNN OnDemand** you can create your own news and sports reports with our "Rip N Read" service - copy and sound to make your station sound 100% local.

To begin using **GNN OnDemand** log on to www.frn.com/gnnondemand and click on "New User" to register.

COMPLIANCE

GNN compliance is easy. You may air as much programming as you would like as long as you carry GNN's inventory. We make it easy, offering three choices:

1. Run GNN Commercials live or db'd within programming.
2. Automate using GNN's hourly news spot feed at 10 past the hour, and the Sports or Business Report spot feed at 12 past the hour. This requires NO production time once you have programmed your automation.
3. Download any GNN commercial as an .mp3 file from our affiliate web site at www.georgianewsnetwork.com . Go to "audio downloads".

LOGS ON LINE

E-sign your monthly affidavits by registering for GNN Logs On Line at www.frn.com/gnnlol There is no easier network compliance process in America!
