**YOU CAN HELP SAVE
A BABY'S LIFE!**

Emily Grace -3 pounds

Nearly 1 in 5 infants born have to visit the Neonatal Intensive Care Unit (NICU). These babies often are born to mothers with normal, healthy pregnancies. This is an extremely trying time for all family members involved. The joy of a new addition to the family is replaced with anxiety, fear and uncertainty. Some babies may spend weeks or even months struggling to survive. These children need to have the best doctors, nurses, and equipment available to ensure survival.
